Ecosystem **Indiana's Mental Health System**

Improving Access and Affordability of Mental Health Services

In some parts of Indiana, treatment options close to home are scarce. For many who seek treatment, obstacles and barriers persist. In other instances, those in need face long waiting lines. In addition, the cost of treatment remains a huge burden for many Hoosiers.

We envision a future for Indiana where stigma is eliminated, treatment options are readily available, and the cost of treatment is not a barrier for those who need help.

Community Catalyst Grant

Community Catalyst Grants are funds provided to 37 recipients. The goal of these grants is to enhance the quality, integration, and access of mental health prevention, intervention, treatment, and recovery services across the state. These funding infusions are intended to build out the care continuum and improve mental health and substance use disorder outcomes for many local and diverse organizations.

Youth & Family Mental Health Support
Early Learning Indiana is proud to support Indiana's mental health ecosystem in an effort to provide for the children and families of the Hoosier communities. Similar to the Early Learning Marketplace, this resource is to help families find, research, and get access to mental and behavioral health support and services they and their young ones need.

Be Well Indiana
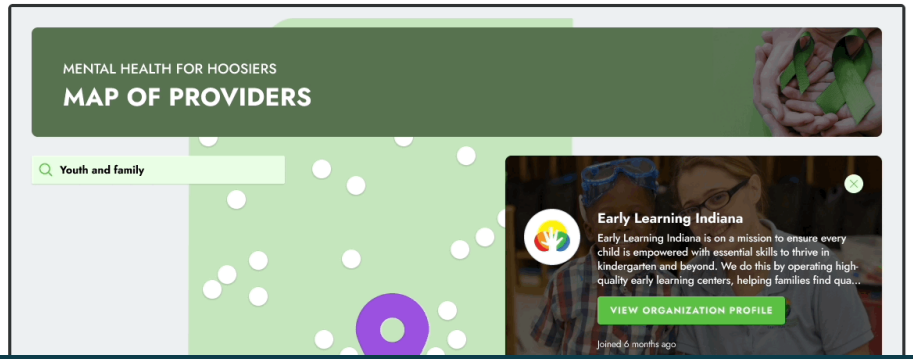
We're here to help
Managing mental health is essential for the well-being of Hoosiers across our state and communities around the world.
Get Support ↗
These resources have been compiled by the Indiana Division of Mental Health and Addiction designed to help Hoosiers stay connected and maintain their well-being. The information has been validated by local and national experts that you can trust.
From unexpected challenges to navigating daily responsibilities, to experiencing personal loss or trauma, it's not uncommon to experience grief, stress, depression or worry. The good news is there are steps you can take, resources you can discover and people you can reach out to who can help at Be Well Indiana.
Find the resources for all areas of mental health
You may feel differently than you normally do. You may be wondering if you're "okay." You may already be living with mental health issues that have been aggravated by the COVID-19 crisis. Be Well Indiana is full of resources that can connect you to the help you need.

INDIANA MENTAL HEALTH ROUNDTABLE

ABOUT | ECOSYSTEM MAP | EVENTS | MARKETPLACE | POLICY

INDIANA MENTAL HEALTH ECOSYSTEM

The Indiana Mental Health Roundtable has formed a partnership with MetaCX to build the nation's first digital ecosystem tool to improve behavioral health. Simply put, this tool will enable the mental health system to begin operating like...a system. It will drive partnership, reduce redundancy, help those seeking help navigate the service offerings and measure outcomes.



Thank You.
